WHY DO ADVERTISERS LIKE CINEMA ADVERTISING?

- It's advertising at its most effective
- Unequalled impact — no distractions
- Movement, color and size allow your ad to dominate your audience on a scale so massive — nothing else comes close
- Reaches the people you want to reach

Cineplex

CINEPLEX CINEMAS

Since the opening of the world's first Cineplex at the Eaton Centre in 1979, the success of the new multi-theatre concept continues to build with enthusiastic patronage in each new market.

CINEPLEX CONTINUES TO CHANGE

Virtually all Cineplex theatres across Canada now feature the finest 35mm projection equipment on the market. Most locations have the capability of running synchronous, thus enabling the presentation of a single print on multiple screens. Some locations maintain dual projection systems for the use of both 16mm and 35mm film.

CINEPLEX CONTINUES TO GROW

By the end of 1982, there will be 200 screens in 25 locations across Canada. The first Cineplex in the U.S. will open this summer at the Beverly Center in Los Angeles. Future U.S. openings scheduled for 1982-1983 include Houston, Texas; Northridge, California; and Denver, Colorado.

FILM CLASSIFICATION

BRITISH COLUMBIA

Film Classification
 Ministry of Attorney-General
 140 E. 8th Ave.
 Vancouver, B.C. V5T 1R7
 (604) 879-6564
 Director: Mary-Louise McCausland

Film Classification

(a) *General Entertainment* — The content of these films should not be found offensive to the general public.

(b) *Mature Entertainment* — the word "mature" was a deliberate choice, designed to act as a guide to parents. The subject matter of a film in this classification or the way in which it is portrayed may not be appropriate for some young people. There is no age restriction for this classification, but warnings are often added.

(c) *Restricted Entertainment* — because of the nature or contents of these films, persons under the age of 18 are not allowed to attend unless they are accompanied by a parent or other responsible adult *who must remain with the underaged person during the entire film*. As a condition of admittance, the theatre has the right to require the accompanying adult to sign a form accepting responsibility for the underaged person. (Notes from parents giving permission for a child to see a Restricted film are not acceptable.)

(d) *Warnings* — to help the movie-goer to choose his or her entertainment, warnings about possibly offensive material are often added to the classification. These notes may include such statements as "frequent coarse language and swearing", "some nudity and suggestive scenes", or "occasional frightening and violent scenes".

Inspection Fees

Every person who submits a film to the Director for approval shall pay an inspection fee in accordance with the following schedule in cash or by money order or certified cheque payable to the order of the Minister of Finance.

The schedule of inspection fees is:

- For each titled subject of 35mm or larger-sized film submitted by the holder of a film-exchange licence, \$10 for the first 1,000 feet of film and \$5 for each additional 500 feet or fraction thereof of film pertaining to the titled subject.
- For each additional print of 35mm or larger-sized film (one copy of which has already been approved by the Director under Item 1) submitted by the holder of a film-exchange licence, \$8 for the first 1,000 feet of film and \$4 for each additional 500 feet or fraction thereof of film pertaining to the titled subject.
- For each advertising trailer of 500 feet or fraction thereof of 35mm film to be used for

advertising future showings of a feature film, \$5.

4. For each titled subject of 35mm or larger-sized film not herein otherwise provided for, \$12 for the first 1,000 feet of film and \$6 for each additional 500 feet or fraction thereof of film pertaining to the titled subject.

5. For each set of slides relating to one subject or contained in one series, \$5 for the first 50 slides and 5 cents for each additional slide contained in the set.

6. For each slide not herein otherwise provided for, 10 cents.

7. For each titled subject of 16mm or smaller-sized sound film submitted for inspection by the holder of a film-exchange licence, \$5 for the first 400 feet of film and \$2.50 for each additional 200 feet or fraction thereof of film pertaining to the titled subject.

8. For each additional print of 16mm or smaller-sized film (one copy of which has already been approved by the Director under Item 8) submitted by the holder of a film exchange licence, \$4 for the first 400 feet of film and \$2 for each additional 200 feet or fraction thereof of film pertaining to the titled subject.

9. For each advertising trailer of 100 feet or fraction thereof of 16mm film to be used for advertising future showings of a feature film, \$3.

10. For each titled subject of 16mm film not herein otherwise provided for, \$6 for the first 400 feet of film and \$3 for each additional 200 feet or fraction thereof of film pertaining to the titled subject.

11. For the replacement of approval stamps or certificates that have been lost or destroyed in respect of a film already inspected by the Director, or for any alteration that requires a change in the records of the Director, \$5 per titled subject.

12. For each titled subject of videotape submitted for inspection by the holder of a film exchange licence, \$5 for the first 10 minutes of videotape and \$2.50 for each additional 5 minutes or part of 5 minutes, pertaining to the titled subject.

13. For each additional print of videotape that has already been approved by the director and that is submitted by the holder of a film exchange licence, \$4 for the first 10 minutes of videotape and \$2 for each additional 5 minutes or part of 5 minutes, pertaining to the titled subject.

14. For each titled subject of videotape not otherwise provided for, \$6 for the first 10 minutes of videotape and \$3 for each additional 5 minutes or part of 5 minutes, pertaining to the titled subject.

Film Classification

- Categories:
 For the information of the public, all films intended for public exhibition in Saskatchewan must indicate classification, and warnings if applicable, in all advertisements and at the theatre box office as follows:
 "General" — movies suitable for all ages.
 "Adult" — movies where parents may want to exercise discretion on behalf of children. However, all ages may attend. The movies may contain scenes of a mature nature requiring parental guidance.
 "Restricted Adult" — movies where parents (not just an adult) must accompany those under 18 years of age. These films have a mature theme and may contain cruelty, violence, strong language or other scenes which may offend.
 "Special X" — movies which no person under the age of 18 years may attend. The movies contain scenes which may be objectionable or offensive, and often contain explicit sexual or violent scenes.
 "Warning Captions" — in addition to the classification, warning captions may be used — such as: Scenes may be offensive; Language may be offensive; Violence may be offensive; Not suitable for children.
- Screening fees:**
 Per title for
 a film 30 minutes or longer in length \$250
 a film under 30 minutes in length .. \$ 50
 a film under 5 minutes in length (that is not a preview of a film longer than 30 minutes) \$ 5

Film Classification

Films are classified and censored to reflect the level of tolerance indicated by the community standards of the Ontario public. In Ontario there are four designations within the classification system:

"Family" — Films suitable for all.
 "Parental Guidance" — Parents are advised that theme or content may be more mature than "family" films. However, children are permitted unsupervised access and the decision of film suitability lies entirely with the parents. Films in this category may contain limited violence, such as hand-to-hand fighting, the use of weapons without excessive bloodletting, restrained portrayal of accident or disaster. They may also contain scenes involving very brief or casual

nudity, romantic involvement which is not sexually explicit. Mild use of coarse or vulgar language.

"Adult Accompaniment" — Restricted to 14 and over unless accompanied by an adult. (Suitable for 14 and over.) Theme or content may be more mature and in the opinion of the Board not suitable for most children 13 and under. Films in this category may contain limited nudity and sexual involvement. There may also be sexual innuendo, suggestive or vulgar dialogue, coarse allusion and offensive language. There may be a higher degree of violence including bloodletting. Violence and nudity will not be gratuitous but should be integral to the plot.

"Restricted" — Admittance limited to those of 18 years and over. Films may become restricted if they contain scenes of heavy violence, torture, or abuse, extremely graphic depiction of accident or horror, full nudity, sexual activity or undue use of offensive language. Films which promote controversial or antisocial lifestyles might also be restricted depending on format and force of presentation.

Eliminations: Each film is judged on its own merits. However, very graphic or prolonged scenes of violence, torture, bloodletting; explicit portrayal of sex/violence eg. rape, sexual abuse, sexual exploitation of children, explicit portrayal of sexual activity, undue or prolonged emphasis on genitalia and ill-treatment of animals would normally be considered to contravene community standards and are scenes for which eliminations would normally be requested.

Rejected: Instances of rejection of an entire film are very rare and would normally occur only where required eliminations were so extensive as to ruin the continuity of the film.

Although language code is generally set aside for Restricted classifications, extremes in dialogue or vocabulary are a concern.

Guidelines are under continual reassessment and review.

There are lots of good reasons to sell Coca-Cola.

Trade Mark Reg.

PROFIT As you know, cup soft drinks are more profitable than any other product you sell. And we are full of exciting ideas on how you can use pricing and larger cup sizes to boost your bottom line. Contact your local bottler of Coca-Cola, or write to the address below. We'll be glad to help.

QUALITY ASSURANCE

You know how important it is to serve a consistently good-tasting soft drink. And our quality assurance programs help you do just that. We'll even help train your personnel, to help you make sure that every cup of Coke sold is as close to perfection as possible. Quality assurance means smooth-running, efficient equipment and good-tasting drinks. And that means repeat sales and steady profits.

MERCHANDISING

Another one of our strengths is the merchandising support we give you. Vending machine faces and product ID strips build consumer demand and increase your sales. Menu boards and merchandising cards are also available. They're attractive and versatile, designed to stimulate impulse sales of Coke and related food and snack items.

PROMOTIONS Coca-Cola Ltd. pioneered the concept of vending and fountain promotions. We can provide you with a wide variety of proven promotional programs, complete with P.O.S. material. There's just nothing better than a powerful promotion to capture your customer's attention, generate repeat traffic, and keep your vending or fountain operation buzzing with excitement.

ONE STOP SHOPPING

Coca-Cola Ltd. offers a full line of premium quality products nationally. And we have the know-how to assist you in selecting the correct product mix for your operations... a product to fit every geographic and demographic need for maximum sales. We also offer sales and service of a wide range of fountain and vending equipment. Our representatives can match the right product with the right equipment to make your system the most convenient, most efficient, most cost-saving way to do business!

In a world of professional assassins, there is no room for an amateur.

At 29, Charles Heller
was a mathematician
without equal.

At the CIA, he was
a computer expert
without peer.

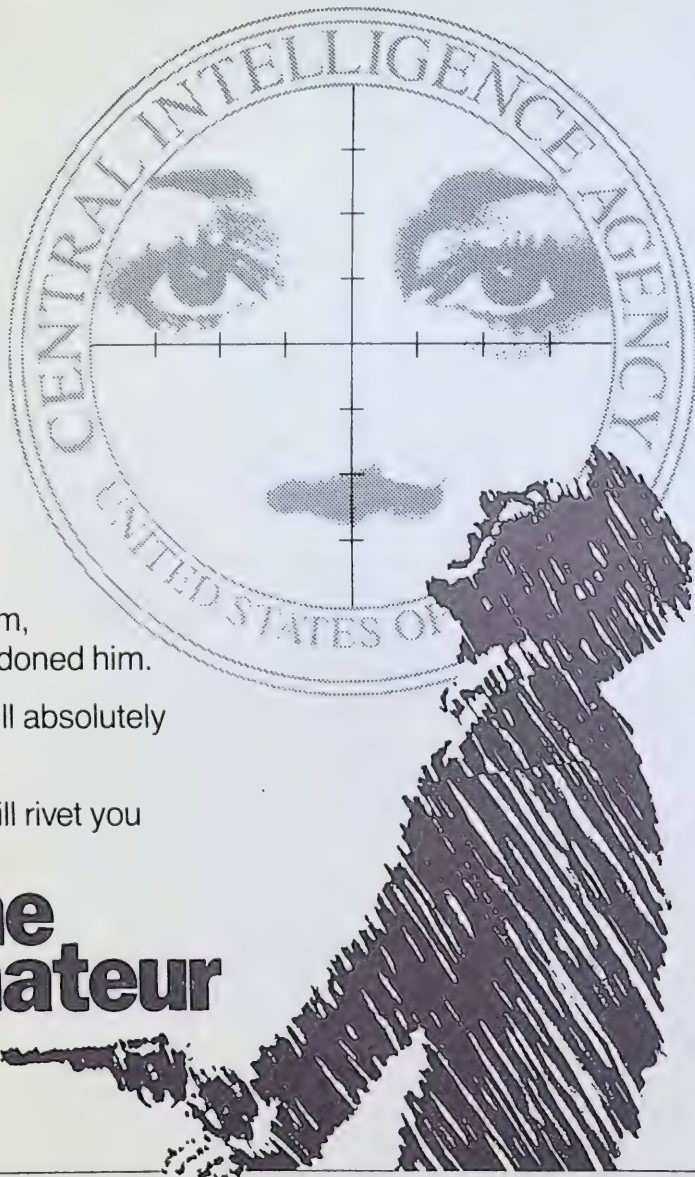

But when terrorists
murdered the most
important woman
in his life, he became
an assassin without
experience.

To avenge her death,
the CIA trained him,
briefed him, armed him,
and then...they abandoned him.

The first 11 minutes will absolutely
shock you.

The last 11 minutes will rivet you
to your seat.

The Amateur

CANADA'S LARGEST FULL SERVICE STUDIO COMPLEX WITH 145 ACRE BACK LOT
PROVIDES COMPLETE FILM, COMMERCIAL AND TELEVISION PRODUCTION SERVICES

PRODUCERS' FACT SHEET

FACT: T.I.S. is the only facility in Canada with a vast 145 acre back lot immediately adjacent to stages, dressing rooms, production offices, screening and editing rooms.

FACT: The back lot features unspoiled countryside with natural lakes, mountains, forests, meadows, rolling hills, plains and a winding river.

FACT: There are two sound stages, both with permanent wooden grids and catwalks, adjacent to a large, fully equipped carpentry mill. The stages feature Canada's largest floor to grid hardwall eye (150' in length), and an adjustable pipe grid.

FACT: Other important features include:

- Completely renovated and furnished offices, dressing rooms, make-up and wardrobe rooms, and editing rooms.
- A modern, new screening room with 35mm dual system equipment.
- Ample storage areas available for exterior sets and props for ongoing productions and series.
- Indoor heated parking area for VTR units.
- Ample, free parking for crews and equipment.

ATTENTION FILM PRODUCERS!!!

We urgently need more Canadian films to sell in
Canada and/or the U.S.

We can afford to give your films the personal
attention they deserve.

Please rush a description of any films you wish
promoted. We have big plans for 1982!

Does your transport service fit your needs?

It's simple. The transport service you use, to be effective, has to be the kind of service that fits your needs!

DO YOU UNDERSHIP?

When goods are "in inventory" they're not producing their "return on investment". If you keep large and costly inventories on hand over prolonged periods of time - that's undershipping.

DO YOU OVERSHIP?

If you ship to warehouse and then again to market you may be overshipping, especially if you could have shipped directly to your market in the first place. With our planned system of distribution, you can avoid this costly overshipping.

Kwikasair Express is the service that fits just right to suit your needs and offers solutions to your transportation problems. Our scheduled departure times ensure consistent delivery of shipments from 1 to 40,000 pounds, on time, everytime. That's important when you have a crucial time factor involved in your shipment. Our door-to-door service and single team system ensure the minimum in transfers and handling. From pick-up to delivery we cover the distance to and from the major centres in time that's quick as air. But a lot less expensive.

We're the largest and the most dependable express transport service "on the road". We can say that with confidence. Our unique monitoring system of all pick-ups and deliveries confirms our 92% on-time dependability.

Kwikasair Express delivers the dependable and economical service that suits your needs. It's "The Perfect Fit" in a transport service.

The Canada-U.S. Link

The Canadian film industry pursues cultural, entertainment and commercial objectives. Our motion pictures can successfully handle themes of cosmopolitan and universal interest as well as subjects which reflect national identity. The prime objective is to come up with good quality, consumer-oriented products and effectively impact the various markets.

As a service to the Canadian film milieu, FILM CANADA CENTER aims to develop a direct, ongoing link with the Los Angeles film community in such areas as:

- Project Development
- Financing
- U.S./Foreign Placement
- Packaging
- Co-production
- Ancillary Marketing

The Center also provides guidance to Hollywood film and television producers on Canadian locations, studios, laboratories and all the professional skills needed for first-class filmmaking.

This initiative is sponsored by the National Film Board of Canada. Kindly write or phone for a copy of our prospectus.

Making films is Your job...

*Cutting **red tape** is Ours*

— In Toronto, you don't have to fight City Hall —
— we're on your side. We can provide location
— permits and easy access to City services,
— arrange free parking for your production vehi-
— cles, and help you obtain police assistance
— and public agency approvals.

Everything a film producer could possibly
need — without the red tape.

NEW Gevacolor Negative Film

by
AGFA-GEVAERT

Type 682

This is a new Gevacolor negative film for 35mm and 16mm professional motion picture photography. It has a speed index of 100 ASA when exposed to artificial light of 3200° K. A colour temperature conversion filter such as a CTO8B or similar filter (e.g. Wratten 85) is needed when filming in daylight of 6000° K. Type 682 is a high definition, ultra fine grain colour negative film with an excellent latitude. It can be processed in the ECN II process without modification.

7 REASONS YOU'LL LOVE IT

Ask any of the 50,000 people who own an Elmo 16-CL: they'll tell you it's closer to being indestructible than any 16mm portable sound projector that's ever been made.

It works when you need it. And it doesn't chew up film. In fact, it projects damaged film so smoothly, you'll never know some other projector tried eating it for breakfast.

It projects the most brilliant images. Elmo's high speed f/1.2 lens and 250W Halogen lamp see to that. Plus you don't have to be an acrobat to operate it. Elmo's Channel Loading makes it easier than the so-called automatics — and faster.

The 16-CL and the 16-CL Xenon, with its 1,000 hour lamp, are at your Elmo AV dealer, who'll demonstrate why more than 50,000 users have said, "Elmo 16-CL, we love you!"

Now Available! New 16mm Xenon Arc Pedestal Projectors with up to 6000' film capacity. Write today for free coloured literature on all Elmo 16mm Projectors.

Sound Insurance

Recording high quality documentary sound is a risky business. Recordists work with untrained voices, no boom operators, and no rehearsals or retakes for sound.

We use "hands-on" transfer techniques to compensate for the unforeseeable. Our custom transfers of documentary, educational and industrial shoots cost no more than regular unprocessed transfers. Detailed transfer reports increase sync-up efficiency, and your rushes sound smooth. Let us transfer your next shoot; we'll catch potential sound problems early, before they become costly.

Does your transport service fit your needs?

It's simple. The transport service you use, to be effective, has to be the kind of service that fits your needs!

DO YOU UNDERSHIP?

Your transport service should fit even "panic" situations. Don't undership by using your regular carrier when the shipment has to be there - Overnight.

DO YOU OVERSHIP?

It's usually not necessary (and admittedly very costly) to send an entire shipment by air. You can meet the immediate crucial requirement and follow up with the balance of the shipment by Kwikasair to economically prevent overshipping.

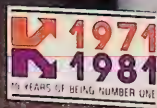

Overnightair is the service that fits just right! We consistently deliver shipments large or small, on time, everytime. That's important when you have a crucial time factor involved in your shipment. Our door-to-door service ensures the minimum in transfers and handling. Less risk of losses, damages and breakage. We pick up, ship and deliver your goods to most major Canadian centres - Overnight.

We're fast, but more than that, we're dependable. We can say that with confidence. Our unique monitoring system of all pick-ups and deliveries confirms our on-time dependability. Overnightair is the "in the sky" division of Kwikasair Express - the consistently reliable "on the road" transportation service. Together we fit your needs and economically get your shipment across the country. It's "The Perfect Fit" in a transport service.

Reed Communications Ltd.

Reed Communications Ltd. is North America's largest, most experienced producer of multi-program video series. Reed's expertise in information programming has been clearly demonstrated in the success of the 160-program Reed Career Service and the 400-program Reed Leisure Library. A 400-program Reed Travel Library and a 400-program Reed Medical Library are presently in production; in addition, a 300-program Reed Adventure Library and a 5,000-program Reed Library of Religion are currently being planned.

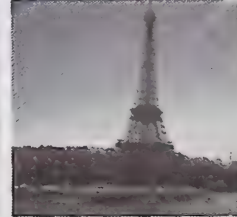

These series have established Reed Communications as one of the world's leading innovators in the rapidly growing field of video software for educational, consumer and non-broadcast markets.

Reed Communications Ltd., based in Edmonton, Canada operates its own complete video facilities (including 15 field crews shooting in 1-inch 'C'-format, and 8 editing suites comprising six CMX off-line and two Sony computerized on-line systems); as well, a state-of-the-art duplication plant enables Reed to supply programs in all popular video formats.

Reed products are already in major distribution throughout Canada and the United States, with international marketing plans well underway.

The Canada Council, created by an Act of Parliament in 1957, revised in 1977, to promote the arts, carries out its work mainly through a broad program of grants and services to artists and arts organizations. The Council also has some responsibility for promoting Canadian culture abroad, and administers the Canadian Commission for Unesco and special programs financed by private donations. The Council reports to Parliament through the Minister of Communications and appears before the Standing Committee on Culture and Communications.

Film Production Grants

Applicants must have produced at least one film or have established a professional reputation in the visual arts. Applicants must provide supporting footage in the same millimetre footage to be used in the proposed production.

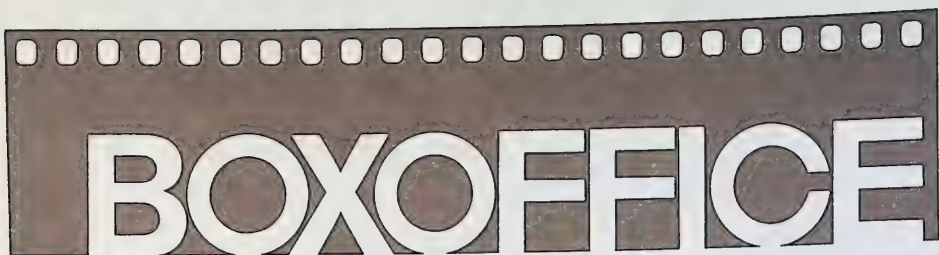

Projects being produced or sponsored by other federal film agencies are not eligible for Canada Council grants.

The maximum amount available for a single film production is \$40,000 to cover total or partial production costs. Applicants receiving grants of less than the amount requested may reapply for supplementary funds for a total not exceeding \$40,000.

Applications must be received by a certain date in order to be considered at the next Canada Council meeting: February 15 for announcement in April; July 15 for announcement in September; November 15 for announcement in January.

Other Grants

Professional filmmakers may be eligible for assistance through other grant programs administered by the Canada Council. These include: Arts Grants "A"; Arts Grants "B"; Short Term Grants; Project Cost Grants; Travel Grants; the Explorations Program.

BOXOFFICE

The business magazine of the motion picture industry

Back in 1931, the Dominion Theatre in Vancouver was breaking house records with "Looking On The Light Side," starring Gracie Fields. Across town, the three mighty Wurlitzers in the New Orpheum were thrilling 2,871 patrons per show. And all across Canada films were being turned out to satisfy a decree from London that one film out of five shown in British Empire Theatres be Empire-made.

By then exhibitors, distributors and filmmakers from Vancouver to Montreal had been reading Boxoffice Magazine for more than a decade.

And today, more than a half century later, Boxoffice still provides news, analysis, reviews, charts and data vital to the film professional.

Every issue includes Canadian news and statistics - not only to serve our thousands of Canadian readers, but because we recognize the importance to the worldwide movie industry of developments in Canada.

If you use the Canadian Film Digest in your work, you should certainly be reading Boxoffice every month.

To subscribe, send US\$30 to:

Boxoffice Data Center
623 South Wabash Ave.
Chicago, IL 60605

In a few months Boxoffice will carry another in our highly successful series of Special Reports on Canada. News of your company should be in it. This issue will also be an important advertising vehicle. Objects and Powers

(1) The objects of the Corporation are to foster and promote the development of a feature film industry in Canada, and without limiting the generality of the foregoing, the Corporation may, in furtherance of its objects

(a) invest in individual Canadian feature film productions in return for a share in the proceeds from any such productions;
(b) make loans to producers of individual Canadian feature film productions; and

(c) advise and assist the producers of Canadian feature films in the distribution of such films and in the administration functions of feature film productions.

(2) For the purposes of the CFDC Act, a "Canadian feature film" or "Canadian feature film production" is a feature film or feature film production in respect of which the Corporation has determined

(a) that the completed film will, in the judgment of the Corporation, have a significant Canadian creative, artistic and technical content, and that arrangements have been made to ensure that the individual copyright in the completed film will be beneficially owned by an individual resident in Canada, by a corporation incorporated under the laws of Canada, or a province, or by any combination of such persons: or

(b) that provision has been made for the production of the film under a co-production agreement entered into between Canada and another country.

(3) The Corporation shall not be regarded as a partner in any film production in which it may invest and its liability shall be limited to the amount of its investment in the production.

(4) The Corporation shall, to the greatest possible extent consistent with the performance of its duties under this Act, consult and co-operate with departments, branches and agencies of the Government of Canada and of the governments of the provinces having duties related to, or having aims or objects related to those of the Corporation.

Programs

The Corporation assists Canadian film producers by providing development, interim and investment financing for films or television series that meet its criteria on Canadian content, financing, completion and distribution.

The Corporation assists Canadian distribution companies by sup-

plementing their budgets in the launching of Canadian feature films released in Canadian theatres.

The Corporation assists Canadian film producers in developing screenplays, through loans to supplement the producer's investment in the cost of securing an option on a Canadian novel, retaining an experienced screenwriter and certain other expenses relating to the project.

Co-Productions

Since February 1976, the CFDC has been designated as administrator of co-production treaties between the Government of Canada and participating countries. Canada has co-production agreements with the United Kingdom, France, Italy, Israel and Germany.

The treaty with France specifies a percentage limit of 80:20 for the proportion of involvement between the majority and minority partners in the co-production. The agreements with the United Kingdom, Italy, Germany and Israel specify 70:30.

The terms of the co-production require that the artistic and technical input of each country, as well as the financial participation, should reflect its proportionate involvement in the film. The finished film is considered a national film by both countries.

As administrator, the CFDC receives all applications, studies and evaluates them and makes recommendations to the Minister of Communications. When a film has been completed the producer must provide an audited statement of costs and screen the film, after which a final recommendation is made to the Minister. Co-production applications are forwarded to the CFDC's Montreal office.

A division of Public Archives Canada with exclusive authority for acquisition and conservation of film, videotape and sound recordings in the national interest, and with authority to document and make available such resources for scholarly and cultural purposes.

Initiated as a project of PAC in 1969, the NFA was formally established by Cabinet in January 1976 with a mandate to coordinate and consolidate the archival collections of the National Film Board and the Canadian Broadcasting Corporation with those of

other Government departments and agencies (including films made with the assistance of the Canadian Film Development Corporation and the Canada Council).

The NFA also incorporates an international collection of films and videotapes important in the art and history of the media, and a library of books (c. 9,000), periodicals (c. 350 current titles), information files (c. 86,000), stills (c. 250,000), posters (c. 7,000) and scripts (c. 1,000). The NFA collaborates with film library and film study organizations across the country to make these resources as accessible as possible, consistent with the observance of rights.

The Ontario Arts Council offers various forms of assistance in film areas to artists in the province, and the following brochures are available from its offices:

Film Grants

Filmmakers may apply for up to \$25,000 for the production of original 16mm films. (Experimental films are adjudicated separately.) All applications must be supported by a 16mm film. Fulltime film students are not eligible.

Writers may apply for up to \$3,000 to write an original feature-length screenplay.

Sponsors of film festivals, seminars or workshops may apply for funds to cover fees of visiting filmmakers to participate in workshops or to lead discussion groups and to cover a portion of administrative costs.

Franco-Ontarian Grants

Franco-Ontarian filmmakers may apply for up to \$13,000 in two separate categories.

- 1) pre-production costs for short films
- 2) financial support for apprenticeship with a recognized professional filmmaker.

Arts Education Grants

A filmmaker wishing to work in a school is required to conceive the project, find a school and negotiate a fee. The filmmaker and the school make a joint application for a grant of up to three-quarters of the filmmaker's fee to a maximum of \$1,500; a maximum of \$200 for project expenses; and up to \$600 for travel and living expenses if the project is more than 100km from the filmmaker's home.

A Guide to Grants

This brochure contains useful overall information on the who, what and how of applying for OAC grants.

The Alberta Advantage

A whole world in your lens

You could be filming around the world in the spectacular settings and infinite variety of locations in Alberta.

Towering mountains, foothills ranches, prairie farmlands, prehistoric badlands, northern forests and great waterways. Large modern cities and remote settlements. Swiss chalets, posh resorts, ghost towns and lonely log cabins. Oilfields and refineries; coal mines and logging camps. Old forts, Japanese gardens and Byzantine domes.

There's a great place for your shoot in Alberta.

Expect clear skies and dazzling sunshine . . . a special quality of light.

Count on friendly co-operation, seasoned production people and professional talent. Top service facilities, too.

Plan on a nice cost advantage with low-cost gas and no provincial sales tax to reckon with.

It's all part of the Alberta Advantage. Yours for the asking with a call to Alberta Film Industry Office, (403) 427-2005, for information and location assistance.

The Association was incorporated as a non-profit body in the fall of 1973. At that time it was a small group of Alberta film production houses which were the Active members, plus various Associate members. In its ninth year, the Association has grown to 40 active members, 24 corporate affiliates (suppliers, educational institutes, crown corporations, etc.) and 90 associates (individuals who may not be engaged full time in motion pictures but who have a special interest in the industry, or individuals who are employees of active member companies and wish to be personally affiliated with the Association). The total of 165 memberships involves more than 500 people in the Association's activities. A quarterly bulletin, in English, goes to members and associates. Seminars and workshops are held several times a year; and the Association sponsors an annual film festival.

Pioneer Of The Year Award:

In 1952 the C.P.P. marked the Golden Anniversary of the Silver Screen in Canada, dating it from the establishment of the first successful motion picture theatre — the Electric of John Schulberg on Cordova Street, Vancouver, which he opened in the fall of 1902. At the celebration banquet, held in the Royal York Hotel, Toronto, Schulberg, Jule Allen of Toronto, George Ganetakos of Montreal, A.J. Mason of Springhill, Nova Scotia, L. Ernest Ouimet of Montreal, and Fred G. Spencer of Saint John, New Brunswick, were honored as pre-1910 pioneers who had done the most to advance the motion picture as a popular form of entertainment in its early days. Spencer passed on shortly before the banquet and Schulberg, Ganetakos and Allen have died since.

The next year, the Pioneer of the Year Award was inaugurated. Those who have received it to date are:

Motion picture exhibitors throughout Canada have paid annual licence fees to CAPAC for more than 50 years. The right to charge music performance fees on behalf of composers, authors and publishers of music is a right that is provided for in the *Copyright Act* of Canada. This right has been upheld by the courts.

The current licence fees which CAPAC may lawfully sue for or collect are approved annually by the Copyright Appeal Board. This Board is appointed by the Government of Canada under the authority of the Copyright Act. The fees that are payable are set out in the Canada Gazette, a copy of which can be obtained from the Canadian Government Publishing Centre, Hull, Que, or from the CAPAC offices.

Jim Kelly, General membership
Neil Grocutt, IATSE 873
William Dunn, CSC
Peter Bryant, BCFIA
Ken Steel, NABET
Suzanne DePoe, ACFC

Aims and Objectives:

The Council of Canadian Filmmakers is an umbrella organization which represents, through its individual and organization members, 14,000 film directors, writers, actors, technicians, and production personnel in the English Canadian film and television industry.

CCFM was formed in March, 1973 in response to the growing problems of the film industry. Speaking on behalf of its members, CCFM has presented numerous briefs and interventions to all three levels of government in Canada, and has spoken out in public and private forums on the need to

improve the situation of the English Canadian film industry.

In the past year, CCFM has continued to press for legislated quota and levy systems to ensure that Canadian films have reasonable access to Canadian theatres, and to ensure that a reasonable percentage of Canadian box office earnings are returned to Canadian production. The Council has also undertaken extensive research in the area of Pay-TV.

The objective of the Council of Canadian Filmmakers is to promote the development of an indigenous English Canadian film industry by: (1) informing government and the public of the situation in the film industry in English Canada; (2) presenting a unified industry voice in negotiations with government, in public forums and in the press; (3) lobbying for the conditions which will make an indigenous film industry viable in Canada.

Membership, by invitation only, currently includes: Joseph Beaubien, Jack Bernstein, Budge Crawley, Bill Fruet, Fil Fraser, Harvey Hart, Denis Heroux, Claude Heroux, James Margellos, William Marsden, Jacques Patry, Mickey Stevenson, Eric Till, Mike Zahorchak.

Organized in January 1977, the objectives of the Institute are to serve the Canadian feature film-going public by improving the quality of product and services in all sectors of the Canadian theatrical feature film industry including directing, production, exhibition and distribution; to establish and maintain a flow of communication among all sectors of the industry; and to unify the industry.

A new category of participation in the MPIC has been created which provides an on-going analysis of the motion picture industry with regular mailings of news bulletins, press releases, schedules, financial analyses, briefs, press clips and other relevant documents dealing with new trends and developments in the Canadian and international film, television and communications communities. Associate membership is open to individuals and corporations involved in film or related areas.

Over the last three years, activities have included various professional development seminars in production, co-production, audio-visual communications, marketing

and feature film financing. The transcripts of the feature film financing seminar, held in 1979, have been published by the Institute and are generating orders from Canadian and international producers, filmmakers and financiers.

A screenwriting competition is being organized to acknowledge the critical importance of quality screenwriting to the motion picture industry and to encourage and honour talented Canadian scriptwriters and on-the-job apprenticeship training programs will be launched in the near future to provide young Canadians with the opportunity of working with industry professionals on major independent and studio productions.

Each motion picture theatre in Canada, whether individual or a chain, is obligated to pay to Performing Rights Organization of Canada Limited an annual licence fee for the right to perform music in its repertoire, or the repertoires of foreign performing right organizations represented in Canada by P.R.O. Canada. The licence fees have been collected from theatres on behalf of writers, composers and music publishers since 1966.

The fees collected must be approved annually by the Copyright Appeal Board in Ottawa. The courts uphold the fact that it is unlawful to operate a motion picture theatre in Canada without a P.R.O. licence for the performance in Canada of its dramatic-musical works. Tariffs are printed in "The Canada Gazette".

The following licence fees, effective January 1, 1981, represent a six-fold increase over the previous year, replacing a fee in effect since 1966.

Cinemas and Other Motion Picture Theatres

For a theatre licence covering operations at any time during the year, the annual fee is charged on seating capacity as follows:

Seats	Rates per seat per annum
499 seats and under	12.5¢
500 to 799 seats	15¢
800 to 1,599 seats	18.75¢
1,600 seats and over	25¢

The seating capacity of Drive-In Theatres shall be three times the maximum number of automobiles which may be accommodated at any one time.

Theatres operating three days or less per week shall pay one-half of the above rates.

For theatres operating for less than 12 months in each year, the fee payable shall be reduced by 1/12th for each full month during the year in which no operations occur.

Minimum fee, \$12.50.

A licence obtained under this item of the tariff shall not be deemed to authorize any concert, recital of classical music or live performances when the exhibition of one or more films is not an integral part of the program. These performances shall be licensed under Item Number 5 of the tariff.

The Society was formed in the United Kingdom in 1974. The Canadian Chapter, established in 1978, while directly affiliated with the U.K. Society, is independently governed and financed by Members' subscriptions and industrial sponsorship.

The Society provides a forum that stimulates a free exchange of ideas in all aspects of the television profession. It promotes discussion on techniques and the use and design of equipment.

Professional meetings are held throughout Canada, and abroad. Technical information, news of Members and their activities are published in the Society Newsletters.

The Society has no union or political affiliations and is therefore recognized as a valuable platform for open discussion and demonstration by production, management and industry.

Categories of Membership:

Full — Those who are, or have been, engaged in the direction and design of the creative aspects of television lighting.

Associate — Those whose occupation is directly associated with the creative aspect of television lighting. They must be proposed by two Members and accepted by the Committee.

Affiliate — Those who are interested in the aims of the Society, but may be ineligible for other categories of membership. They must be proposed by two Members and accepted by the Committee.

Sponsor — Companies associated with the television industry are invited to become Sponsor Members.

Student — Those who are registered in a recognized course in Television Arts & Sciences, or other associated curriculum may be accepted by the Committee.

Membership fees payable by March 31 each year.

Variety in Action

In Ontario during the past six years, Tent 28 has raised and allocated close to 12 million dollars as its contribution to the "greatest children's charity in the world". Fund-raising activities include an Annual Bike-A-Thon, a Bingo operation, Annual Gourmet Dinner, a Golf Tournament, and a Telethon.

Tent 28 gives a large measure of financial support to the Variety Village Electro Limb Centre, Day Care program, and in January 1981 a new Variety Village, a Sport Training and Fitness Centre, was opened. Help also extends to a long list of diverse recipients — the research program of the Ontario Society for Crippled Children, the Hospital for Sick Children Cardiac Catheterization Lab, the Mount Sinai Hospital Ultra Wave Diagnostic equipment, the Ontario Community for the Deaf — to name a few.

The Toronto Blue Jays baseball team have designated Variety Club as their charity, and the Variety Club in Ontario is host to an annual "Baseball's Back In Town" luncheon on the eve of opening day. There are now thirty-seven Variety Sunshine Vans in operation in Ontario, which are custom-built according to the disability of the children to be transported.

Film Studies is an academic discipline concerned with the history, criticism, theory and practice of the cinema both as an art form and as a documentary record of our time. The cinema is a source of pleasure and knowledge, and its study should form a part of one's cultural education. The program will enable the student to develop a critical faculty appropriate to intelligent understanding of the cinema by approaching its study as a scholarly activity which rewards systematic research, analysis and exposition.
Eleven courses will be offered in 1982-1983, leading to a B.A. with a Major or Honours in Film Studies.

the Department of Film Studies provides an
integrated approach to film criticism and film
production. A comprehensive range of
courses at various levels of instruction
makes possible the close study of film as art,
entertainment and communication and
develops a practical ability to work with the
medium for expressive and communicative
purposes. The fourth year of study also
offers the possibility of independent study

The Canadian Film Institute/Institut canadien du film was founded in 1935 to encourage and promote the study, appreciation and use of motion pictures and television in Canada. The CFI, a federally chartered non-profit corporation, is made up of the following divisions. The National Film Library of Canada, which distributes almost 10,000 titles of specialized educational films to over 2,000 institutions. The National Film Theatre of Canada (the NFT) presents roughly 400 film screenings a year in the National Capital Region at the theatre of the Public Archives and the National Arts Centre, as well as supports affiliate NFT's throughout Canada. The Publications & Research Division publishes works on important filmmakers, compiles the annual yearbook of Canadian film/Film Canadienne and conducts research on a contract basis. The Canadian Centre for Films on Art makes available to arts organizations films on art and dance. The Institute also hosts the Ottawa International Animation Festival which takes place every two years. This is an international competitive festival sanctioned by ASIFA and FIAF.

The Cinematheque quebecoise was founded in 1963. Although its main activity is conservation, the Cinematheque also includes a photo library, film poster collection, the largest collection of books and magazines on film in Canada, plus a Cinema Museum with a collection of film equipment and animated films.

Special series of films are screened through the year (brochures on request). Publication: Copie Zero (in French and English). Dossiers de la Cinematheque, and various booklets.

ONTARIO FILM INSTITUTE

Ontario Science Centre
770 Don Mills Rd.
Don Mills, Ont. M3C 1T3
(416) 429-4100

Director: Gerald Pratley
Administrator: Sherie Brethour

The Ontario Film Institute was founded in 1969 to encourage the development of the art of the film and to foster public appreciation and study of film history, origins and accomplishments. It was further required to act as a clearing house for information on all matters affecting films in Ontario, in the country as a whole, and also abroad, particularly with regard to education and general knowledge.

The Institute is part of the Ontario Science Centre, situated on parklands in the Toronto suburb of Don Mills. It is financed through the Science Centre by the Ministry of Culture and Recreation of the Province of Ontario. As such it is a department of government. It is not affiliated with commercial film companies or interests in any way, but maintains harmonious working relations with producers, distributors and exhibitors. The OFI has three divisions: the Institute itself, which is the reference and information centre, the Ontario Film theatre, and the Ontario Film Archive. The Institute collects, preserves, organizes and makes available documentation on Canadian and international motion pictures — mostly feature films. There is a comprehensive book library, several hundred screenplays, a large collection of soundtrack recordings and tape-recorded interviews with film makers, and a periodicals section made up largely of leading English-language film journals.

The Ontario Film Theatre presents film showings covering a wide range of material and has become an established part of Toronto's cultural life with its seasons of films from abroad, directors' series, historical surveys and current cinema programs. The auditorium of the Science Centre functions as the Ontario Film Theatre in the evenings. It has 482 seats, translation booths, an ideal stage area for discussions, and a projection booth equipped with 16, 35, 70 mm projectors and the Dolby sound system. The OFI also has the use of three 16 mm viewing theatres at the Science Centre, when required. There is also a Cinema Bar

open on those evenings when directors or other speakers attend the showings of their films.

Regional Film Theatres have been operating successfully on a regular basis in Brockville, Windsor and Niagara-on-the-Lake, with programs of European, American, Canadian and classic films. The Institute is prepared to assist all communities which desire to start film theatre programs providing facilities are available and local organising committees are formed.

Quarterly publication: Film News; occasional publications of monographs on cinematic subjects (in English).

Collections of films produced by the Ontario government; other copies on deposit with the National Film Archive, Ottawa.

Founded in 1972, the Pacific Cinematheque Pacifique (PCP) was established as a film study centre for the West Coast. It maintains an archive of some 250 British Columbia independent film productions; a film study collection of world classics and West Coast filmmakers for circulation to universities and educational institutions; and a reference library of over 1,500 books and magazines on film for use by members and researchers. The PCP runs a regular 5-day exhibition program at the National Film Board Theatre of series of world cinema, directors' retrospectives, independent productions, non-narrative films and special events of talks by filmmakers, forums and mini-festivals, as well as an extension program of packages of films to minor communities in the province.

 A 7-day competitive festival

Aims and Scope — The Banff Television
 Festival is an annual competitive event
 dedicated to recognizing and celebrating
 the world's leading television films and
 programs. It provides film and television
 professionals with an opportunity to
 attend and participate in a series of
 seminars and workshops conducted by
 acknowledged authorities from around the
 world. It is a place where film and
 television professionals can do business in
 a relaxed, informal atmosphere.

Awards and Prizes — Entries in the
 various categories will be judged by an
 international jury. The winner in each
 category will receive "The Rockie"
 sculpture and a Certificate of Excellence
 will be awarded to the director of the film.

In addition, a grand prize of \$5,000 will be
 awarded to the film judged to be the Best
 of the Festival.

Canadian Images is an annual non-
 competitive Festival of Canadian Film
 founded to celebrate, honour and
 promote Canadian cinema; to make
 Canadian films accessible to the public; to
 provide a meeting place for critical and
 analytical discussion of the aesthetics,
 business and politics of filmmaking in
 Canada.

Canadian Images screens approximately
 250 Canadian feature length, short,
 documentary, animated and experimental
 films during the four-day festival,
 emphasizing those films which reflect
 Canadian culture and society. Seminars,
 workshops and symposia concentrating
 on the achievements and concerns of

Canadian filmmakers bring together filmmakers, producers, critics, educators, distributors, actors and government representatives from all across the country.

The Academy of Motion Picture Arts and Sciences is an honorary organization composed of more than 4,200 motion picture craftsmen and artists.

Since its founding in 1927, the organization's stature has grown internationally until today the Academy provides unparalleled incentive for higher levels of technical and professional achievement among all branches of filmmaking and has become the cinema's most effective single ambassador.

It is widely recognized that the motion picture is one of our most important sources of information, education and entertainment. This, and the constantly rising artistic merit of films produced throughout the world, are due, in part, to the Academy.

The Academy is a non-profit organization whose field of activity does not include economic, labor or political matters.

PURPOSES

The purposes of the Academy are to advance the arts and sciences of motion pictures; foster co-operation among creative leaders of cultural, educational and technological progress; recognize outstanding achievements; co-operate on technical research and improvement of methods and equipment; provide a common forum and meeting ground for various branches and crafts; represent the viewpoint of the actual

creators of the motion picture and foster educational activities between the public and the film industry.

HISTORY

The Academy was organized in May 1927 as a non-profit corporation, chartered under the laws of California. Its 36 charter members included production executives and film luminaries of the time.

The Academy moved into its present quarters in Beverly Hills in 1975. The seven-storey building includes the Samuel Goldwyn Theater, Margaret Herrick Library, Administrative and Publications offices.

Treasurer: John J. Thomson
General Secretary: Suzanne DePoe
Secretary: Janet Cormack

The Association of Canadian Film
Craftspeople was formed in August 1978.

Aims & Objectives

1. To establish a Canadian-based union of film technicians.
2. To let our members continue to operate as freelance technicians within a flexible structure and at the same time ensure fair rates and conditions of work.
3. To allow producers more latitude in their choice of personnel by working with any Canadian technician regardless of union affiliation.
4. To provide a place where talented newcomers can be trained and experienced professionals can expand their skills.
5. To seek agreements and understandings with like-minded organizations when such agreements would be in the best interest of our members and the industry as a whole.
6. To take an active role as a member of the Federation of Canadian Guilds and Unions in Film and Television in the planning and making of policy decisions which affect the day to day problems as well as the future of the industry.

Secretary: Rob Iveson
(416) 466-9436
Treasurer: Samuel C. Jephcott
(416) 922-4038
Directors: Michael Hadley, Vivienne
Leebosh, Peter O'Brian

CAMPP was incorporated federally in 1973 to promote and foster the production of motion pictures in Canada; to develop and promote the interests of producers; and to provide its membership with technical and other information for the improvement of their knowledge, work and status.

Membership is voluntary and is comprised of individuals whose activities represent the overwhelming majority of feature length motion pictures produced in Canada. Annual membership dues are \$250.00 per individual at present and each member pays a production levy with respect to each film in which he performs a producing function. All members are Canadian citizens or permanent residents of Canada and have performed the function of a producer on at least one feature length motion picture.

The members elect the Board of seven directors annually and these directors become the officers of the Association. The Association has no full time staff nor is any member compensated for his services to the Association. Members are active on several standing committees including feature film co-productions, pay television, taxation, securities regulation, industry relations, marketing, professional development and education, and sundry others.

CAMPP is a member of the International Federation of Film Producers Associations.

CANADIAN FILM EDITORS GUILD (CFEG)

Box 46, Station A
Toronto, Ont. M5W 1A2
(416) 863-9330

National Executive 1981/82

President: Brian Ravok cfe
First Vice-President: Ron Sanders cfe
Second Vice-President: Sally Paterson
cfe

Treasurer: Michael MacLavery cfe
Secretary: Jeff Warren cfe
Directors: Bill Carter, Arnie
Stewart, Harvey Zlatarits

The Canadian Film Editors Guild was established in 1967 and incorporated in 1968.

Aims

To advance the art and craft of the film editing profession.

To promote and foster high standards of film editing by establishing a clearing house of information for the film industry.

To bring into close alliance all film editors who desire to advance the prestige and dignity of film editing.

To establish close liaison with producers, directors, laboratories, re-recording studios and any other groups or organizations concerned with film editing.

Objectives

The Guild shall ...

a) adopt and encourage the observance of a code of ethics for its members.

b) endeavour to promote understanding of film editing functions amongst all film crafts and the general public.

c) award recognition for film editing craftsmanship to those members of the Guild so qualified and authorize the use of the letters 'cfe' after the names of full members on screen credits or publicity of any kind.

d) make available to producers a current list of qualified and experienced film editors.

e) investigate and establish standards and procedures applicable to all film editing functions in liaison with others so concerned.

f) actively engage in the selection and presentation of awards where recognition is given for film editing excellence.

g) present its own awards annually.
 h) arrange for prominent members of the film industry to give lectures and demonstrations of established and new techniques for the benefit of its members.

i) endeavour to obtain and screen at regular intervals films portraying film editing excellence and new techniques for the benefit of its members.

j) promote liaison and exchange of information with similar organizations throughout the world.

Representatives

Academy of Canadian Cinema Genie Awards: Sally Paterson
 Federation of Canadian Guilds and Unions in Film and Television: Brian Ravok *cfe*/
 Michael MacLaverty *cfe*

Past Presidents

1968/69: Glen Ludlow *cfe*
 1970/71: Vincent Kent *cfe*
 1972/73: Don Haig *cfe*
 1974/75: Kit Hood *cfe*
 1976: Phil Auguste *cfe*
 1977/78: John Fryd *cfe*
 1979/80: Vince Hatherley *cfe*

Honorary Life Members:

Any persons (not necessarily film editors) deemed worthy of such membership by unanimous approval of the National Executive. Any person honored with such membership may, if they wish, use 'cfe' (honorary) after their names on suitable occasions. Honorary Life Members, who have previously been members, are entitled to vote in the business of the Guild.

Members

Recognized film and sound editors with at least five years professional film editing experience in a full-time capacity. Members are entitled to use 'cfe' after their name on screen credits and publicity. (Sound editors may not use 'cfe' when picture editing unless otherwise qualified, as above.) Associates may qualify for 'member' status prior to five years, provided they are able to convince the current Executive of suitable abilities. Members who retire from the Guild, for whatever reason, are not entitled to use 'cfe'.

Associates

Recognized film and sound editors who are not eligible for 'member' status but are currently engaged in full-time professional film editing. Negative cutters may also qualify for associate status providing they can prove at least five years recent professional experience.

Affiliates

Any person directly concerned, in any capacity, with professional film editing. Included are assistant film editors, negative cutters, trainees, etc.

Corporate Affiliates

Companies or organizations concerned with any aspect of professional film editing (i.e. production companies, recording and re-recording studios, optical effects houses, manufacturers, suppliers, etc.). Also, a courtesy title accorded regular advertisers in "The Canadian Film Editor" magazine.

FILM COMPOSERS/LA
GUILDE DE COMPOSITEURS
DE FILM CANADIEN**
1263 Bay St.
Toronto, Ont. M5R 2C1
(416) 961-6601
Directors: Glenn Morley, Milton Barnes,
Ron Harrison, William McCauley,
Mickey Erbe.
- The Guild was formed in 1979, and its aims are:
- To establish a standard contract for film composers which clearly delineates the rights of a film composer and the composer's control over these rights.
 - To provide basic information to both composers and filmmakers regarding the many aspects of film music.
 - To represent the interests of film composers in general with governments and their departments at all levels, and their agencies such as the CFDC, CAC, NFB, etc.

A LIST OF MOTION-PICTURE TECHNICAL TERMS IN FIVE LANGUAGES

Initiated by Carlos Connio Santini

Standardization of international usage in motion-picture language may not be possible, but mutual understanding of the technical terms used in the industry, in those language areas where its principal activities are carried on, is a worthy goal. The basis for this list was contributed by the late Mr. Santini with no claim to its being definitive; in compiling it, however, he tried invariably to choose the term most generally accepted in each language. Readers' comments and additions to the current list will be welcomed.
